

# Ready for a Clean Break from Tobacco? SyNic™ is the solution! Ready to ship today!

SyNic™ is the first **bioidentical** bioenzymatic alternative to tobacco-derived nicotine.

## WHY SYNIC?

### Highest Quality

- True alternative to tobacco-derived nicotine but without tobacco impurities
- Same chemical formula C10H14N2 as tobacco-derived nicotine
- Same enantiomeric form as tobacco nicotine (S-nicotine CAS No. 54-11-5)
- **Conforms to US Pharmacopeia & European Pharmacopeia standards**

### Pure & Clean

- High Purity (>99.6%) (S)-Nicotine
- No TSNA's
- No Carcinogens
- Enzyme Free
- Allergen Free
- GMO Free
- Pesticide Free
- Heavy Metal Free

*Exclusive global sales  
and distribution through:*

**eLiquiTech**

A Tobacco Technology, Inc. Company
